THE SPECULATIVE MARKETS.

Bears Had Their Turn at Wheat in Chicago Yesterday.

THE OUTLOOK IS FOR LOW PRICES

Corn and Oats Vary But Little-The Quiet Feeling Continues in Provisions - Cattle Suffer a Slight Decline.

CHICAGO PRODUCE MARKETS.

Chicago, June 11 .- | Special Telegram to THE BEE.]-The wheat market ruled lower to-day, with the period of greatest weakness right around the opening, when June was quoted at 794c, July 75%@75%c, and December 75%@75%c. Very dittle July could be sold above 75%c, at first, but that quotation proved to be the inside for the day, and the market was a stubborn and improving one to the end. Trade was only of a moderate volume, and the session was not productive of sensational features. Cables were neither one thing nor the other, and domestic news was colored bearishly in all particulars except the firmness to the cash wheat markets. Spot wheat and June wheat are at a substantial premium over new crop deliveries here and elsewhere in the West. The market news from the outside commercial centers was not especially encouraging and public sentiment may be said to generally favor the side of cheaper prices. The friends of wheat have not abandoned the field, however, and there was good buying. In some quarters it is believed that strong parties are "under the market" with a view to running a deal, but this opinion is not generally held, and, as a rule, it is openly ridiculed. The idea of a deal is not popular. even with those who would like to see the

wearing scabs and scars. There is more less activity in the shipping line, but no transactions involving big lines or even good sized lines are reported. The export clearances are next to nothing to-day, though light loads are reported as having been worked. June wheat sold up to 79%c, and closed at 79%c, or %c lower than yesterday. July ranged from 75%c up to 76@76%c and closed at 75%c, a loss of %c, as compared with yesterday. September ranged 73%@74%c, and closed at 73%c, or %c less than yesterday. December sold at 75%@78c, and closed at 75%c. The improvement in the weather and the decided drop in wheat caused an easier feeling to prevail in the corn market at the opening, but on the estimated receipts for to-morrow becoming known a firmer tone and advancing tendency took the place of the earlier weakness. The but no transactions intook the place of the earlier weakness. The price changes were slight in the end from those ruling at the close of the day before, but what alterations there were favored the bears. June and cash corn were unchanged, July and September each lost 1-16c and August 1/3c. The fluctuations were narrow, as usual, and the interest in the market did not appear to be widespread. Oats presented no important price changes

somebody else was going to do, are still

and only a fair speculative activity was noted, the market ruling duli, and part of the time after opening a triffe easy, with some futures 1sc lower. There was an advance of 1sc 1sc, the firmness resulting principally from fair buying for the account of shorts. July was the favorite, and the strength in that month helped the others a trifle. June touched 22% c and

the others a trifle. June touched 22%c and July 22%c, with some trading in September at the split each way from 22%c. Receipts were liberal, grading chiefly No. 3 white and No. 2 oats to go to store were quiet and steady at 22% @224c.

In provisions the quiet feeling lately witnessed is still the ruling feature. A little more interest was shown, to day, but there was no particular increase in the volume of business transacted. Short ribs were bought by Wright and other shorts with some freeby Wright and other shorts with some free-dom, but the packer who was the largest in-dividual buyer of this article, last week, to drop a portion of his holdings; and while a seller of short ribs he was, however, a larger purchaser than usual of pork. Lard was the slowest line on the speculative list. The local receipts of hogs fell under the expectations but the ar-rivals at outside points made up in a meas-ure for the deficiency here. For the product, prices all around averaged lower than yes-terday. Still, the decline actually suffered was small, amounting from 234@7360 in pork, and 2340 in lard. Short ribs closed unchanged to 2340 lower.

CHICAGO LIVE STOCK MARKET. CHICAGO, June 11 .- | Special Telegram to THE BEE. !- CATTLE,-The run was rather a surprise, as no one at all interested looked for an increase over the corresponding day of last week, but such is the stern fact and the excess is largely made up of the lower grade Texans. Tha run was divided .into about 5,000 natives and 5,000 Texans and the latter were in large numbers at all points, assuring a big run for Chicago to-morrow. There was a fair number of big, coarse range steers among the arrivals. Trade opened slow and ruled slow, at from a steady raise to a shade lower on all classes of fat cattle, some salesmen quoting a decline of 10c on fair to good export steers. Shipping orders were light and advices from the Engorders were light and advices from the English markets were not encouraging. Texans are rapidly approaching low water mark again, being quoted 5 to 10c lower and canning stock almost unsalable. Native butchers' stock, except a few fancy cows and heifers, followed the down turn in Texans, generally selling 10 to 15c lower. There is nothing new in the stocker and feeder trade; the demand is uncertain and There is nothing new in the stocker and feeder trade; the demand is uncertain and prices uneven. Hogs—Business was brisk all along the line, with an upturn of a strong 5c, the bulk of the heavy selling at \$4.45, fancy at \$4.50, and common packers at \$4.25@4.3736. Light sorts sold uniformly at \$4.55. About everything was sold and the market closed steady.

FINANCIAL.

NEW YORK, June 11 .- [Special Telegram to THE BEE. |-STOCKS-The stock market opened in sharp contrast with yesterday. London sent tower figures, but this market was not guided by these. The opening was strong, with first prices 16 to 16 per cent over the close of last night. There was no yielding, no hesitation, and no confining of business. To a few the stock market became at once proad and strong, and as prices advanced there was better activity. There was very lively interest in trust stocks, animation in the granger stocks, and fair dealing in New England stocks and Lackawanna. Oregon Transcontinental was conspicuous for weakness, seiling from 35 off to 33% the first hour, on light business. A few of the most notable gains over the close yesterday were: Jersey Central up 11/6 per cent to 109%, Atchison 1/4 to 45%, Burlington 1/4 to 104%, Rock Island 1/4 to 49, St. Paul 1/4 to 73%, Missouri Pacific 1/4 to 76%, Union Pacific ¾ to 62¼, Lackawanna ¾ to 145 ¼, Read ing % to 48%, Chicago Gas 1% to 61%, Cotton Oil 14 to 5914. Sugar trusts 14 to 8014. There was a check in the advance before noon, but no weakness, and no reaction. The activity of the morning continued in a few stocks nearly all day. The best prices for a majority of the list were reached about midday, but there was no breaking down or sudden yielding on realizing. There was a halt caused by further liberal gold shipments, but prices were pretty well held to the close. Now England, Lackawanna and some of the grangers and Sugar trusts received the most attention. Transcontinental closed 2 per cont lower; Jersey Central made a phenome-

nal advance to 11134, and closed over three points higher; New England 1/4 better; Atchison, Burlington and Missouri Pacific 34 over last night; Lackawanna closed 1% better; Sugar trusts held strong at 109, at the close, or 214 per cent higher. It was a pretty good bull day for the list. Total sales of

Tuesday, June 11. The market took a sharp upward turn of 5@10c on desirable beeves and was active at the advance. The bulk of the beef and shipplng steers changed hands early at prices ranging from \$3.40 to \$4.30, but largely at \$3.90@4.05. Butchers' stock was not very plenty and sold at steady prices. Cows went at \$2.00@3.00 and bulls at \$2.00@2.10. The trade in stock cattle was very light.

Hogs. The early sales were at about steady prices, but the market soon advanced 5@10c and closed 10c higher. The same as yesterday, there was a scarcity of light hogs, and several orders were unfilled. The market is now at the highest point that it has been since the last day of May. Before to-day \$4.15 was the highest price paid this month. As to the receipts, there was a gain of about 1,600 over Tuesday a week ago.

Tin forms the exception to a generally steady to firm condition of the market, and has also been quite dull, but latterly has im-proved again in price. Monday's first 'change resulted in a 5s decline, and a further loss of 5s in the afternoon brought the closing figures down to £91 10s for cash and £92 5s forward. Another 10s was lopped off on Tuesday morning, after which the market remained quiet and unchanged for the bal-ance of the day. This was low water mark for the week, as the next morning there was for the week, as the next morning there was a slight recovery, which held to the close, and yesterday the forward price was got up to £92 2s 6d in the early dealings, cash tin following to £91 7s 6d, which prices were still current at the end of the day. Prices were again firm to day, the market closing at noon with cash tin £91 12s 6d; three months, £92 7s 6d, which will now stand until next Tuesday, the ordinary Whitsun week holiday have day, the ordinary Whitsun week holiday hav-

ing how begun.
Correr-The improved demand from conumers, as shown in the increased deliveries in May, continues to help prices, and lends fresh spirit to operations for a rise. Last Friday's prices of £40 15s@£41 were hardly maintained on Monday morning, three months' prompt falling off to £40 10s; but the market was firmer in the later dealings, and opened the next day at an advance of 5s, dash bars improving still further to £41 12s 6d, and forward to £41 5s on late 'change. A relapse to £41 5s and £41 on Wednesday was followed by a recovery of 10@15s yesterday,

and to-day the closing quotations were £42 cash, and £41 15s forward prompts.

Antimony—Experienced a further sharp advance during the week, Hallett's now being quoted at £58 10s@£59. Spelten-Remains quiet but steady at £18 for ordinary brands Silesian. Exertist Pre Iron-Opened on Monday

the same as last Friday's latest, and stood unchanged at 38s 3d throughout the week until to-day, when the current quotations weakened to 38s. BESSEMER PIG-Continued to stand at 50s 6d for mixed numbers.

STREE RAILS—Have recovered from the easier tendency noted a week ago, so that

neavy sections are now worth £4 12s 6d@£4 OLD RAILS-Selling to a moderate extent at 62s 6d@65s for T's, 67s 6d@70s D. H., c. i. f., N. Y.
SCRAP IRON—Steady in price, but without

new features at 45s@47s 6d f. o. b. GLASGOW, June 7.—Scotch WARRANTS-Again ruled below 43s for most of the week; opening slightly lower than last Friday, and ecliping twopence more on Monday afternoon to 433; while Tuesday's early session showed another weakening with a slight raily on the second board to 42s 11d. The price declined threepence again on Wednes-day forences, however, and closed for the day down to 42s 6d, from which it recovered yesterday afternoon to 42s 9d, and this morn-ing is up to 42s 11d, the market having closed at noon for the Wnitsuntide holidays.

Makers' quotations are: For Coltness, nlongside, Glasgow, 55s 6d; Gartsherrie, atongside, Glasgow, 51s; Summerlee, alongside, Glasgow, 53s 9d; Langloan, alongside, Glasgow, 53a 9d; Carabroe, alongside, Glasgow, 45a 3d; Glengarnock, alongside, Ardrossan, 51s 3d; Eglinton, alongside, Ardrossan, 43s 9d; Dalmellington, alongside, Ardrossan, 45s; lighterage, Ardrossan to Ardressan, 45s Glasgow 1s ton.

A Sure Cure

NOPAY 20to 60 DAYS This is a disease which has heretofore

Baffled all Medical Science. When Mercury, lodide of Potassium, Sarsapa rilla or Hot Springs fall, we guarantee a cure. We have a Remedy, unknown to anyone in the World outside of our Company, and one that has NEVER FAILED

NEVER FAILED
to cure the most obstinate cases. Ten days in recent cases does the work. It is the old chronic deep seated cases that we solicit. We have cured hundreds who have been abandoned by Physicians, and pronounced incurable, and we challenge the world to bring us a case that we will not cure in less than sixty days.
Since the history of medicine a true specific for Syphilis has been sought for but nover found until our

MAGIC REMEDY

was discovered, and we are justified in saying it is the only kiemedy in the World that will positively cure, because the latest Medical Works, published by the best known authorities, say there was never a true specific before. Our remedy will cure when everything else has failed. Why waste your time and money with patent medicines that never had virtue, or doctor with physicians that cannot cure you, you that have tried everything else should come to us now and get permanent relief, you never can get it elsewhere. Mark what we say, in the end you must take our remedy or NEVER recover and you that have been afflicted but a short time should by all means come to us now, not one in ten of new cases ever get permanently cured. Many get help and think they are free from the disease, but in one, two or three years after it appears again in a more horrible form. This is a blood Purifier and will Cure any Skin or Blood Disease when

NOTICE-We desire to caution patients in regard to parties claiming to use the Cook Remedy. Our formula is not and CANNOT be known to anyone but ourselves.
